The thoughts of Antauri

1. _"I would say Nightshade is an Angel, but that would be a dirty lie. Angels are sweet and gentle, she is not. Angels watch wars from afar; she leads the battle to victory. Angels fight with arrows, swords, and empathy. She fights with claws, sass, and a whip. She is untamable and aggressive; someone who doesn't like to play by the rules. She is not an Angel, she is a demon."_
2. "_Sparks_, _Are you implying, that I don't have a soul?" _
3. "_I might be the second oldest on the team, but I was born the runt of the troop."_
4. "_I promise to never tell about how my brother used to have crush on Sparks."_
5. _"When I was young, I once had a dream about Nova; didn't feel comfortable around her for 3 weeks."_
6. "_It's 3:00 in the morning, why the hell is Chiro awake." _
7. _"Sparks might be overconfident at times, and a little reckless, but her is very loyal. He is quite possible my greatest friend. Of course is trust him with this mission, Chiro."_
- _8. "Otto has the innocents of a child and the heart of a fighter, making him a great ally and friend." _
- _9. I'm grateful to be alive, I really am, butâ€¦ I miss having fur, and skin underneath, and bones that break, and bruises. I shouldn't be so concerned about my looks, but that was who I was. I had black fur and green eyes, now its silver armor and blue eyes. My blood is blue. I can never have children, Nightshade doesn't care, but I

would've liked to have some, it's strange how one wants something more when he can't have it. I am happy to be alive and with my family, but sometimes I do feel sadâ€¦|._

10. Mandarin, Nova, and I all had the same blood type. Now Mandarin is gone and so is my old body. If she were to ever get hurt and we were out of her stored blood, then she wouldâ€¦|I shouldn't think about worst case scenario, although as second in command it is kind of my jobâ€¦|

11. The Veron Mystics would be disappointed by my relationship with Nightshade, of course they also turned evil and have no genderâ€¦|..

I made this a while ago and wasn't sure where to go with itâ€¦|.If you like it, give suggestions for thoughts that they could have on future ones. They aren't in any specific order, so they don't really make sense in order with my story'sâ€¦|.Have a good day! ** review please. **
